

FOR IMMEDIATE RELEASE

Oriux relocates US headquarters

Houston, TX, August 27, 2021 – Oriux, the evolution of Peek Traffic, and a leading technology provider of Intelligent Transportation Systems and Traffic Management solutions, is excited to announce that it will be relocating its US headquarters in Houston, Texas on September 1, 2021. The US headquarters will be located at 5825 N Sam Houston Pkwy W, Suite 220, Houston, Texas 77086.

The move is part of Oriux's long term growth strategy and allows the company to better serve the needs of its customers.

“These changes will allow us to simplify our operations and make our processes more efficient in order to provide our customers with better service and the highest level of quality in our products. This move will also allow us to continue innovating in new technologies and reflect our ongoing commitment on becoming a global leader in the ITS industry.” said Rolando Garcia, COO & VP of Operations.
